### **Launch of new subsidiary, Orington & Partners**

**Sydney, 17 April 2024** – Orington Capital (“OC”), today launched an international, Australian headquartered subsidiary, Orington & Partners (“O&P”). O&P specialises in management consulting, legal and dispute financing advisory, restructuring and corporate advisory mandates across the globe including Australia, the United States, India, UAE, Singapore, and the United Kingdom. In addition, O&P provides investment banking and capital raising services in India.

O&P has been founded by entrepreneurs and corporate professionals combining vibrancy and rigour. The firm prides itself on being new-age that understands how rapidly changing technology impacts businesses. O&P’s target market are mid-market businesses that are seeking a collaboration-first, solutions approach. As a result we are flexible with how we package our solutions to tailor to each business's needs and financial position.

The firm is led by Kashish Grover, Managing Partner and CEO, and supported by Orington Capital which provides broad global expertise in owning and investing in various businesses/assets, a larger footprint and access to its investment balance sheet in which few professional service firms are fortunate enough to gain access to.

“I’m extremely excited to be joining Orington & Partners as a Founding Partner, in which we look to provide to an underserved mid-market a breadth of exceptional strategy, transactions and legal finance advisory services, unrivalled by any other in the market. Additionally, our experience combines international best practices with new-age thinking understanding that technology continues to evolve and change the business landscape. ” Mr Grover expressed.

Wei-Khing Seow (Executive Chair of O&P and Managing Director of OC) commented: “We are fortunate to bring on board such an amazing talent and leader in Kashish. He brings a truly exceptional combination of integrity, passion for listening and learning, as well as an unparalleled level of pragmatic smarts.

O&P is positioned to service clients uniquely as a one-stop shop that can help your business grow and improve, whether it be organically and/or inorganically. Lastly, we will help your business create value and monetise legal assets that few other firms in the world can do.”

Please see [Orington & Partners' website](#) for a list of specific services and jurisdictions we provide services to. We welcome both direct enquiries and referrals.
